Allowable Subject Matter

Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance: While prior art, such as Imajo et al (U.S. Patent Application Publication NO. 2004/0169404 A1) which has an insufficient date, Macey (U.S. Patent No. 6,629,721, and Reichel (U.S. Patent No. 6,106,046) all teach motorized foldable seats, they do not teach the structure of the wire harness. UK Patent Application No. GB 2 367 746 A teaches a wire harness but does not teach it as it would apply to a foldable seat and that arrangement needed as required and specified in the present invention, specifically claims 1 and 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Imajo et al, Macey, Reichel., Nishimura et al, Mack et al, Hecht et al, Martinenssen et al, Eubank, Martin et al, Hauser et al, Shimizu et al, Cannera et al, Sugiura et al, and Garrido et al teach foldable and/or collapsible seats with multiple links.
